Ela Bayoudh

Software Engineering Student

elapro01 bayoudh@gmail.com 29 203 089 Monastir, Tunisie

2002-09-23 in Ela Bayoudh Ela Bayoudh elabayoudh

Profile

Fourth-year Computer Engineering student specializing in **Cloud Computing and Cybersecurity**. I am eager to deepen my technical expertise in an innovative environment that combines advanced technology with real-world practical experience.

Education

Engineering Degree in Computer Engineering, 09/2024 – Present
ESPRIM — Private Higher School of Engineering & Technology, Monastir Monastir

Degree in Software Engineering and Computer Science, 09/2021 – 06/2024
ISIMM — Higher Institute of Computer Science & Mathematics, Monastir Monastir

Experiences

Summer Internship, *Electrocontact Tunisie* 07/2025 – 08/2025 Ksar hellal
- Developed "Electrocontact Digital Tracking" platform • Factory process digitalization and real-time pack tracking

End-of-Studies Project (PFE), *Pura Solutions* 02/2024 – 06/2024 Sousse
- Designed and developed a **secure cloud platform** for sharing confidential accounting documents

Summer Internship, *Proxym-It* 07/2023 – 08/2023 Sousse
- Designed and developed an online cinema reservation platform

Summer Internship, *Sancella ksibet Madiouni* 06/2023 – 07/2023 Ksibet el Mediouni
- Acquired advanced network skills.

Skills

Cybersecurity & Networks
• SIEM & SOAR • Secure network segmentation (LAN/DMZ/SOC), firewalls, ACL, VPN • Network cryptography • Machine Learning for Cybersecurity

Cloud & DevOps
- Docker
- Kubernetes
- CI/CD (Gitlab CI, Git)
- Private Cloud (OpenStack)

Soft Skills
Leadership, Team Collaboration, Problem-Solving

Development
Frontend: React.js, Next.js, Angular Backend: Node.js, Nest.js, Symfony, Java/Spring Boot Bases de données: MySQL, MongoDB, Doctrine

Methodologies
Scrum

Projects

SentinelBank, – *Secure Microservices e-Banking Platform (PI)* 01/2026 – Present
- Developed Account Banking microservice
• Angular frontend implementation
• Simulated secure infrastructure with GNS3
• DevSecOps: Docker, Kubernetes, CI/CD, Grafana observability, SIEM/SOAR preparation

Electrocontact Digital tracking, *Real-time traceability web platform* 07/2025 – 08/2025
- Full-stack industrial flow digitalization (React.js + Node.js + MySQL).

SportX, *Sports Management Platform (web + desktop)* 02/2025 – 06/2025
- Team collaboration on full application development
- Admin dashboard design and implementation (JavaFX, Symfony, PHP)

DataRoom (PFE) 02/2024 – 06/2024
- Secure cloud platform for sharing confidential accounting documents (Next.js + Nest.js + MongoDB).

SeatFlix 07/2023 – 08/2023
- Movie listing and seat-booking platform with a REST API for auth and reservations.
- using: HTML, CSS + NodeJS/ExpressJS + MySQL + ORM: Prisma

Languages

Arabic	**French**	**English**
Native	B2	B2

Certifications & Training

Network Security, *Cisco Networking Academy (Instructor-led)* 09/2025 – 01/2026
- Network security, administration, and vulnerability management
- Preparation for **CCNA Network Security** certification

Prepare Your Career in Cybersecurity, *Microsoft & LinkedIn Learning* 11/2025
- Complete training validated by certificate

Awards

2nd place - Mini CTF (Polytech Sousse), *Organized by SecurinetsEPS* 07/01/2026

2nd place - Hackathon Cybersécurité "Insight", *Organized by IEEE ESPRIM SB* 29/10/2025

1st place -GreeNovation Hackathon, *Organized by ESPRIM* 30/11/2024

Community Engagement

SCOUT Monastir, *Scout Leader* 01/2017 – Present
- Leadership development and multiple training programs

CPU club , ISIMM, *President* 11/2024 – 10/2025
- Robotics trainer and activity/integration manager

SciData Club, ESPRIM, *Office Member* 11/2021 – 01/2024
- Organization of training sessions and workshops

Interests

- - Sports
- - Community Involvement
- - Camping
- - Language Learning
- - Robotics
